ORDERING INFORMATION

HOW TO ORDER

Call, e-mail, or fax your order information to us at...

Toll free phone: 1.877.718.9403

Fax: 1.877.866.9278

E-mail: info@agonswim.com

You can also place orders on our website:

www.agonswim.com

INFORMATION TO PROVIDE IN YOUR ORDER

Your name and address, your team's name, if applicable, and your phone number. A description of the styles, sizes, and quantity of swimwear you wish to order.

METHODS OF PAYMENT

AgonSwim accepts Visa, Mastercard, American Express, Discover, personal checks, e-checks, PayPal and purchase orders (POs) for institutions. For institutional accounts, AgonSwim charges 1.5% interest per month on accounts are over 10 days past due.

HOW DO WE SHIP?

AgonSwim ships primarily with UPS ground. We can ship to you more quickly at an additional charge. For a detailed list of shipping charges, visit our web site at www.agonswim.com

MATERIALS

POLYFLEX

Polyflex is 80% polyester and 20% spandex, 200 grams per square meter. (Spandex is the generic name for Lycra®) Polyflex is our most popular swimsuit fabric. It is sleek and smooth to the touch. (We formerly sold this fabric under the name Lycra®.)

SPEEDLINE

Speedline is 47% polyester, 53% FBT (texturized polyester with natural stretch similar to spandex), 170 grams per square meter. This fabric is chlorine resistant and has two way stretch, although not as much stretch as PolyFlex. Speedline is sleek to the touch.

STREAMLINE

Streamline is a high technology fabric designed to reduce drag by its water-repellent stripes. This fabric is knitted 76% polyester, 24% spandex, 240 grams per square meter, with water-repellent resin stripes. Streamline is sleek and smooth to the touch. It is a denser fabric than PolyFlex.

MESH

Mesh is 100% knitted polyester in a mesh-like pattern, with small holes.

CANVAS

Canvas is a heavy, coarse, closely woven 600 denier polyester with urethane backing.

AQUAWEAVE

Aquaweave is 87% polyester and 13% spandex, 140 grams per square meter. (Spandex is the generic name for Lycra®) Aquaweave is a smooth, woven fabric that is sleek to the touch and quick drying.

POLYFLON

PolyFlon is 80% polyester, 20% spandex, 190 grams per square meter. The fabric is teflon coated to reduce drag and extend the life of the fabric.

BLACKLINE

BlackLine is knitted 54% polyester, 35% polyamide and 8% spandex, 300 grams per square meter. BlackLine is slightly denser and more resilient than our PolyFlex fabric. BlackLine fabric is black on the inside of the fabric, controlling for transparencies without a separate fabric lining.

MESHFLEX

Meshflex is 72% polyester, 20% spandex, 135 grams per square meter. This quick drying fabric allows maximum transpiration.

LENNIS

Lennis is 100% polyester, 125 grams per square meter. Lennis is a soft mesh, with a smaller hole size than our Mesh fabric used in our mesh bags. Lennis is used in our pinnies.

STORMTECH

Stormtech is 100% Polyester, 165 grams per square meter. Stormtech has an inferior coating which makes it impermeable to water. Stormtech is used in our parkas and stadium blankets.

TRICOTER

100% polyester, 140 grams per square meter. Tricoter is soft to the touch and quick drying. It is similar to the "nylon" swimsuits manufactured back in the 60s and 70s. It is very durable and does not degrade in chlorine.

COOLMAX®

Coolmax® is 100% polyester. This fiber is made of four channels that pull moisture away from the skin. It dries five times faster than cotton. Coolmax® also offers superior breathability.

PAPER

Paper is woven 79% polyester, 21% spandex, 150 grams per square meter. It is coated with Teflon®, making it water repellent. This is our lightest fabric, designed for racing.

DURAMAX

Duramax is 40% polyester, 60% PBT (texturized polyester with natural stretch similar to spandex), 200 grams per square meter. This fabric is chlorine resistant and has two way stretch, although not as much stretch as PolyFlex. Duramax is sleek to the touch.

MAXRESIST

MaxResist is knitted 83% polyester, 17% spandex, 210 grams per square meter. (Spandex is the generic name for Lycra®) MaxResist is sleek and smooth to the touch and is slightly denser and more resilient than our PolyFlex fabric.

MICROFIBER

Microfiber is 80% polyester, 20% polyamide, 200 grams per square meter. This super light, ultra absorbent fabric wicks away moisture and dries quickly. Products made with microfiber are easy to pack and carry.

CHANDEL

Chandel is 100% polyester, 250 grams per square meter. This fabric is shiny and sleek on the outside, and fleecy on the inside. We use this fabric for our warm-up suits (track suits).

GALAXY

Galaxy is knitted 82% polyester, 18% spandex, 205 grams per square meter. (Spandex is the generic name for Lycra®) Galaxy is sleek and smooth to the touch and is slightly denser and more resilient than our PolyFlex fabric.

PIQUE

Pique is 90% polyester and 10% spandex, 215 grams per square meter. This woven fabric is used in our polo-shirts.

Agonswim.com can personalize your swimwear by dyeing each individual's name or nickname on his or her suit!
 (There is a per suit fee for personalization.)

RACING SUITS

styles

BRIEF

TECHNICAL JAMMER

PROBACK

KNEE LENGTH PROBACK

Agon's paper racing suits are made of woven high density microfiber, which results in extremely light suits that provide excellent compression to reduce muscle vibration.

These suits have a water repellent coating to limit water absorption. They also have a limited number of seams in order to reduce drag. Better still, we are able to custom dye these technologically advanced racing suits especially for your team. Agon's racing suits are built for speed and designed for you!

How to Order:
Call us toll-free at 1-877-718-9403. Prefer to FAX? Our FAX number is: 1.877.866.9278. We also encourage orders placed on the Internet. Our web site address is www.agonswim.com. Our e-mail address is: info@agonswim.com

Information to Provide with Your Order:
Your name and address, your team's name, if applicable, and your phone number.
A description of the style, size, and quantity of swimwear you wish to order.
Credit card number with expiration date.

Methods of Payment:
AgonSwim accepts Visa, Mastercard, American Express, Discover, personal checks, e-checks, and purchase orders (POs) for institutions.
For team accounts, AgonSwim charges 1.5% interest per month on accounts that are over 10 days past due.

How do We Ship?
AgonSwim ships primarily with UPS ground. We can ship to you more quickly at an additional charge.
For a detailed list of shipping charges, visit our web site at www.agonswim.com

Information to Provide to Receive a Team Price Quote:
Number of male suits, number of female suits, number of colors in your design (white is always considered a free color), plus the suit styles and fabrics.

Sizing Kits:
In the process of ordering your suits, we will need to send you a sizing kit so that each swimmer can be sure to order the correct AgonSwim suit. We will need a credit card number from your representative before we send the sizing kit. In the case that you do not return the sizing kit, we will charge your credit card for the cost of the sizing kit.

Fitting:
AgonSwim uses a high quality fabric that does not stretch out like other manufacturers' suits. Therefore, you should not feel that your AgonSwim suit fits tightly. AgonSwim suits will not "relax" or stretch out over time, so make sure your suit fits comfortably now. If your suit is too tight, it will wear unevenly and will not last very long. If you think your suit does not fit, send it back before you wear it, and we'll exchange it for another size. Please note: you must follow our return policy and the suit must be in "as new" condition.

A Word of Undersizing
Many swimmers believe that in order to swim fast, they need to buy a suit that is too small. When swimmers do this, they shorten the life of their swimsuit. In order to swim fast, swimmers can order a variety of AgonSwim products including unlined suits in streamline and paper fabric. However, we still do not recommend undersizing in any of our products.

Washing:
Your AgonSwim suit will last the longest if you do not machine wash it. Soap and shampoo contains detergents that harm swimwear fabric. It is important to rinse your suit in cold, clean water each time you wear it to remove chlorine and perspiration. It is best to hang your suit to dry, rather than leaving it in a bag or rolled up in a towel. Do not bleach, iron, or dry clean your swimwear.

Quality:
AgonSwim uses the highest quality materials and sewing processes for all its suits. However, it is a fact of life that swimwear fabric has a limited usable life in chlorinated water. How long your AgonSwim suit lasts depends on the fit of the suit, how you take care of the suit, and the pool conditions where you use your suit.

Care for Swimwear Fabric:
Swimwear fabric is easily snagged when placed in contact with rough surfaces. To maintain the high quality look and feel of your new AgonSwim swimwear, please avoid contact with rough surfaces, including pool walls and pool decks. THIS MEANS YOU SHOULD NOT SIT ON THE POOL DECK OR PULL YOURSELF OUT OF THE POOL ALONG THE SIDE OF THE POOL! ALWAYS SIT ON A TOWEL OR KICKBOARD AND USE THE STAIRS TO EXIT THE POOL.

HEALTH REGULATIONS STIPULATE THAT SWIMWEAR THAT IS SOILED, WORN, SNAGGED, DAMAGED OR LAUNDERED IS CONSIDERED TO BE IN OTHER THAN "AS NEW" CONDITION AND CANNOT BE RETURNED.

Custom Item Return Policy:
AgonSwim only accepts returns on custom items if there is a manufacturing defect (which must be approved as a defect by AgonSwim). US Health regulations prohibit the return of used swimwear. Therefore, it is important that you examine the item(s) in your order for manufacturing defects prior to usage. AgonSwim will only replace unused, defective merchandise within 30 days of purchase. In order to obtain a replacement, please sign in to our website (www.agonswim.com) using your login ID and password. Follow the return items link for detailed instructions to obtain a return merchandise authorization (RMA). An RMA is required for all returns. In some cases, a restocking fee may be assessed. Once you have obtained an RMA to return the defective suit, place a new order to replace the item. To ensure that items you are returning arrive to us safely, we suggest you protect yourself against loss by using Insured Mail or UPS. Please allow 2 billing cycles for the credit to appear on your credit card statement, or approximately one month to receive a check in the mail if you paid by check.

Non-Custom Item Return Policy:
AgonSwim allows returns of non-custom items within 30 days of purchase if they are in "as new" condition, consistent with US Health regulations, which prohibit the return of used swimwear. Therefore, it is important that you examine the item(s) in your order prior to usage. In order to return an item, please sign in to our website (www.agonswim.com) using your login ID and password. Follow the return items link for detailed instructions to obtain a return merchandise authorization (RMA). An RMA is required for all returns. If you wish to replace the returned item, place a new order to replace the item. To ensure that items you are returning arrive to us safely, we suggest you protect yourself against loss by using Insured Mail or UPS. Please allow 2 billing cycles for the credit to appear on your credit card statement, or approximately one month to receive a check in the mail if you paid by check.

AGON RESERVES THE RIGHT TO CHARGE A NOMINAL RESTOCKING FEE FOR ALL RETURNED ITEMS.
