AQUASHAPE®

TITANIUM™

BEAT THE COMPETITION IN DOLFIN'S TITANIUM RACING SUIT!

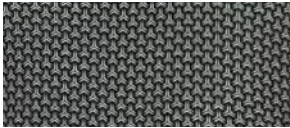

Coated with a super hydrophobic application, **TITANIUM** decreases friction in the water and allows for unbelievable longevity, providing stability and control that hugs your body with no restrictions in dynamic motion, our **TITANIUM** is ready for your best performance!

Ti TANIUM™

HYDROLOCK™ WEAVE

Provides the highest strength to weight ratio in the industry. Its 3D profile, when loaded, enables maximum tensile strength across all directions of the human form, providing steadfast uniform compression. Once engaged, the raised HydroLock™ retains its structure and is subsumed within the Titanium shell fabric, leaving a dynamically low-friction surface.

BOOSTED SHIELD LINER

Selective compression wrapping provides zoned control and augments compression and streamlining. The Booster Shield works in conjunction with control welding to enhance muscle return and reduce vibration in key areas of chest, torso, thighs and glutes.

VAPOR BLOCK

Each Titanium fiber is coated with a superhydrophobic application, which decreases the coefficient of friction the fabric produces, as well as fabric weight gain in competition. As applied on the nano-scopic level, durability and longevity of Titanium are increased.

WELDED CHASSIS

Long-axis vertical control welding initiates a streamlined body to provide superior stability to major muscle groups and added form control over key water displacement zones. The control provides uni-directional elasticity, providing stability and support with no restriction in dynamic motion.

BONDED TECH SUIT

FINA, NFHS AND NCAA APPROVED

TRAINING

KICKBALL

780SA

Colors:
BLU Blue

Dimensions:
4.5" Diameter

Encourages proper body positioning and streamline / engages core and allows for full hip rotation / ideal for one-arm kicking / only device on the market which corrects knee positioning through breaststroke kick cycle

TECHNICAL TRAINING TOOLS

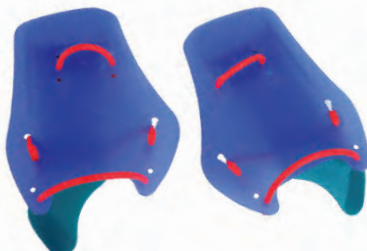

Match your effort to your efficiency

FEEDBACK PADDLE

785SA

Colors:
BLU Blue

Only paddle on the market which provides immediate feedback through the entire pull phase of your stroke and encourages perfect strokes by adding resistance when stroke breaks down, instantly!

Versatility: Your choice of standard paddle or feedback attachment.
Adjustable Resistance: Tailor resistance to your ability level. Adjustable Sensitivity: Getting better? Increase skill level of flap to further tune your stroke. Functions for every stroke!

KICKBOARD

100% EVA foam / ideal for swimmers of all levels / isolates the legs to build leg strength

791SA

Colors:
BLK Black

Dimensions:
20" X 11.5"

JR. KICKBOARD

100% EVA foam / ideal for kids and smaller swimmers / isolates the legs to build leg strength

790SA

Colors:
BLU Blue

PULL BUOY

100% soft EVA foam / ideal for swimmers of all levels / helps to build upper body strength

796SA

Colors:
944 Black/Silver

Dimensions:
9" X 3" X 5"

JR. PULL BUOY

100% soft EVA foam / ideal for kids and smaller swimmers / helps to build upper body strength

795SA

Colors:
536 Blue/Green

Dimensions:
9" X 3" X 4"

NOSE CLIP

Made of soft TPR and Polycarbonate (PC) material / provides maximum comfort and seal, keeping the water out of your nose allowing you to concentrate on more important things

88NC

Colors:
956 Black/Blue

EAR PLUG

Made of soft TPR and PP material / ergonomically designed for a gentle fit / provides effective protection for your ears
